Our Use of Cookies

ABOUT THIS POLICY

1. INTRODUCTION

- 1.1. Our use of cookies
- 1.3. Manage Consent Preferences
 - 1.3.4 Cookie Types

What are cookies?

Cookies are small data files that are placed on your computer or mobile device when you visit a website. cookies serve different purposes, like helping us understand how a site is being used, letting you navigate between pages efficiently, remembering your preferences and generally improving your browsing experience. our sites may use both session cookies (which expire once you close your web browser) and persistent cookies (which stay on your computer or mobile device until you delete them). we use two broad categories of cookies: (1) first party cookies, served directly by us to your computer or mobile device, which we use to recognize your computer or mobile device when it revisits our sites; and (2) third party cookies, which are served by service providers or business partners on our sites, and can be used by these parties to recognize your computer or mobile device when it visits other websites. third party cookies can be used for a variety of purposes, including site analytics, advertising, and social media features.

Our Use of Cookies

This website may use cookies and other technologies to personalize content and advertisements on sites such as Google Ads, Facebook to you on this and other websites and provide social media features on this website, including social media sites such as Facebook, Twitter, LinkedIn. By accepting cookies, you understand that you are directing CM-GO to disclose data that may include internet tracking data, cookies, and the IP address you used to access this website, which may be considered personal information, to these third parties for the purposes stated above. You can still use this website if you do not accept cookies, but your experience on this and other websites may be different. You can always update these settings in your browser if you change your mind. You also have the ability to customize your cookie preferences below.

[Privacy Policy](#)

Manage Consent Preferences

Strictly Necessary Cookies

These cookies are necessary for the website to function and cannot be switched off in our systems. They are usually only set in response to actions made by you that amount to a request for services, such as setting your privacy preferences, logging in, or filling in forms. You can set your browser to block or alert you about these cookies but blocking these cookies will prevent the site from working. These cookies do not store any personal information.

Performance Cookies

These cookies allow us to count visits and traffic sources so we can measure and improve the performance of our site. They help us to know which pages are the most and least popular and see how visitors move around the site. We may collect your session ID, IP address, device identifiers, and your activity with the website. We may provide these cookies to third party service providers to help us run these analytics. All information these cookies collect is aggregated and do not relate to you personally. If you block or opt out of these cookies, we will not know when you have visited our site and will not be able to monitor its performance.

If you are located in Europe, the personal data may be sent to a country (e.g. United States) that has not been deemed to provide an adequate level of data protection or appropriate safeguards. By accepting these cookies, you

CM-SEC Cookie Usage Policy

consent to the data processing for analytics purposes and to the transfer of your personal data to the United States each time you visit our site.

Functional Cookies

These cookies enable our websites to provide enhanced functionality and personalization. They may be set by us or by third party service providers whose services we have added to our pages. If you reject these cookies, then some or all of these services may not function properly.

Targeting Cookies

These cookies may be set through our site by our advertising partners. They may be used by those companies to build a profile of your interests and show you relevant advertisements on other sites. They do not store directly personal information but are based on uniquely identifying your browser and internet device. If you do not allow these cookies, you will experience less targeted advertising.

OTHER TECHNOLOGIES

in addition to cookies, our sites may use other technologies, such as pixel tags to collect information automatically.

BROWSER WEB STORAGE

we may use browser web storage (including via html5), also known as locally stored objects (“lsos”), for similar purposes as cookies. browser web storage enables the storage of a larger amount of data than cookies. your web browser may provide functionality to clear your browser web storage.

WEB BEACONS

we may also use web beacons (which are also known as pixel tags and clear gifs) on our sites and in our html formatted emails to track the actions of users on our sites and interactions with our emails. unlike cookies, which are stored on the hard drive of your computer or mobile device by a website, pixel tags are embedded invisibly on webpages or within html formatted emails. pixel tags are used to demonstrate that a webpage was accessed or that certain content was viewed, typically to measure the success of our marketing campaigns or engagement with our emails and to compile statistics about usage of the sites, so that we can manage our content more effectively.

Changes

information about the cookies we use may be updated from time to time, so please check back on a regular basis for any changes.

Questions

if you have any questions about this cookie policy, please contact us by email at go@cm-go.com
